Welcome Message

Dear Colleagues,

It is our pleasure to invite neurosurgeons, residents and colleagues to attend the 2nd neurosurgery workshop on applied advanced anatomy (AAA) held on 30-31 Jan 2019 Tehran. The first workshop was a great event, indicating high level of neurosurgical practice and education in Iran. We try to improve the quality of workshop to become a quarterly event at international levels.

We are looking forward to an excellent meeting with great participants and sharing new applications of neurosurgical anatomy.

Kindest regards,
Course organizers

Wednesday 30 Jan 2019

Day
1

Lectures

Speaker	Title	Time
Dr. Ketabchi	Opening	9:00-9:10
Dr. Abbasi	Anatomy of Thoracic Spine	9:10-9:20
Dr. Amin	Anatomy of Spine of Cord	9:30-9:40
Dr. Halaj	Biomechanics of thoracic Spine	9:40-9:50
Dr. Nafisi	Role of EMG in decision making	9:50-10:00
Dr. Javadi	Thoracic spine fixation techniques	10:00-10:10
BREAK		10:10-11:10

Hands on Cadaver Dissection

	Time
Cadaver dissection by faculty	11:10-11:40
Pedicular Screw and hook	11:40-15:30
Discussion	15:30-16:00

CAD LAB Tables

Table1- Pedicular screw & hooks

Table2- Osteotomy (Ponte, PSO)

Table3- Transfacet discectomy

Table 4- VCR

Thursday 31 Jan 2019

Day
2

Lectures

Speaker	Title	Time
Dr. G. Sharifi	transfacet pedicle sparing discectomy	9:00-9:10
Dr. M. Khadivi	thoracic spine osteotomy (SPO, PSO, ponte)	9:10-9:20
Dr. Alijani	anatomic considerations in scoliosis correction	9:20-9:30
Dr. Shirvani	Panel: case discussion	9:30-9:40
Dr. Rahimzadeh	principles of kyphosis correction	9:40-9:50
BREAK and LUNCH		9:40-10:10

Hands on Cadaver Dissection

	Time
Cadaver dissection by faculty	10:10-10:40
Osteotomies	10:40-12:30
Transfacet discectomy	12:30-14:30
Discussion	14:30-15:00
Closing & certificates	15:00-15:30
