WFNS Neurosurgical Anatomy

5th Live Webinar

29th - 30th September, 2020

12.00pm - 4.00pm GMT

WFNS NEUROANATOMY COMMITTEE

WFNS Neurosurgical Anatomy 5th Webinar

29th - 30th September 2020

Dear colleagues,

On behalf the World Federation of Neurological Surgeons “Neuroanatomy Committee” we are pleased to launch its “5th online dynamic educational course” to promote sound clinical judgement, enhance neurosurgical skills of young neurosurgeons and trainees around the globe, infuse their challenges and respond to their inquiries.

The course will encompass special presentations by distinguished faculties, case discussion and short video sessions reflecting the importance of anatomical knowledge associated with the neurosurgical intervention.

Sincerely,

Imad N. Kanaan & Vladimír Beneš
Chairmen of WFNS Neuroanatomy

TOPICS

**Anatomy and surgical approaches:
Midline posterior fossa Tumors
Spine & spinal cord**

COURSE DIRECTORS

Imad N. Kanaan
Professor & Chairman Emeritus
KFSH & Research Center
Alfaisal University, KSA

Vladimír Beneš
Professor & Chairman Emeritus
First Medical School
Charles University, Czech Republic

WFNS NEUROANATOMY COMMITTEE

WFNS Neurosurgical Anatomy 5th Webinar

**Presentations
Interactive Q & A
Case discussion**

TUESDAY 29th September 2020

Moderators: Imad Kanaan, Igor Maldonado & Ramez Kirollos

- Chordoma, endoscopic approach & outcome (**Fred Gentili**)
- Merits of endoscopic approach to Clivus tumors and challenges (**Takeo Goto**)
- Sitting Position, advantages & limits (**Giovanni Broggi**)
- Approach to pediatric midline posterior fossa tumors (**Wan Tew Seow**)
- Anatomy and surgical Approach to Pineal region (**Imad N. Kanaan**)
- Unilateral paramedian keyhole approach for pineal cysts (**Henry Schroeder**)
- Torcular meningioma (**Ekkehard Kasper**)
- Foramina magnum meningioma from anatomy to approach (**Jose A. Landeiro**)

WFNS NEUROANATOMY COMMITTEE

WFNS Neurosurgical Anatomy 5th Webinar

WEDNESDAY 30th September 2020

Moderators: Matias Baldoncini, Vladimir Benes & Miguel A. Arraez

- Vascular anatomy of spinal cord/ the Great Posterior Radiculomedullary artery
(**Victor Hugo Pérez**)
- Spinal cord tumors, how I do it? (**Vladimir Benes**)
- Spinal vascular lesions (**Ramesh Nair**)
- Management of Chiari malformation and CCJ instability (**Atul Goel**)
- Anatomy and tricks for anterior cervical disc surgery (**Salman Sharif**)
- Posterior approach to cervical disk. Anatomy & approach selection
(**Miguel A. Arraez**)
- Endoscopic spinal surgery (**Joachim Oertel**)
- Lateral lumbar decompression/ Wiltse approach (**Nikolay Peev**)
- Failed lumbar spine disc surgeries, lessons learned (**Kazadi Kalangu**)

**29th - 30th September 2020
12.00pm – 4.00pm GMT**

**Under the auspices of the WFNS
Certification approved**
